

ARCHERY ROUNDS – AUGUST 2018

1. World Archery Rounds:

World Archery (WA) standard indoor distances are 18m and 25m. Outdoor distances range from 30m to 90m for senior Gents, 30m to 70m for Ladies and juniors shooting at shorter distances according to age. Archery at the Summer Olympics shoots at 70m.

Competition is divided into ends. An archer shoots either 3 or 6 arrows per end, depending on the type of round. After each end, the competitors walk to the target to score and retrieve their arrows. There are 20 ends of 3 arrows in a standard round of indoor competition (i.e. the WA 18 or the WA 25).

Archers have a set time limit in which to shoot their arrows. For indoor competition, under World Archery rules this is 2 minutes for 3 arrows. Signalling devices such as lights and flags inform the archers when time is up. For a WA outdoor round the archer has 4 minutes to shoot 6 arrows at the two longer distances, and 2 minutes to shoot 3 arrows at the remaining two shorter distances.

2. Imperial Rounds:

Imperial standard indoor distance is 20 yd (18 m), with 5 dozen arrows being shot in a round known as a Portsmouth. Outdoor distances range from 40 yd (37 m) to 100 yd (91 m), for seniors, and 10 yd (9.1 m) to 80 yd (73 m) for juniors.

Competition is divided into ends. An archer shoots either 3 arrows per end (indoors) or 6 arrows per end (outdoors). After each end, the competitors walk to the target to score and retrieve their arrows.

At all record status tournaments, archers must adhere to the GNAS dress code, which consists of wearing dark green and white clothing, or 'club colours'. Club colours are unique to a club, and registered on the GNAS shooting colour register.

In a tournament, awards are normally split into categories according to sex and, for juniors, age. All registered GNAS archers also have an indoor and an outdoor classification, and classification awards may also be presented - this allows archers to only shoot against those of the same ability.
